About us

Aqualogic Laundry Systems has been an Australian owned and operated supplier of commercial and industrial world-class brands since its inception in 1968. Our core focus remains the provision of turnkey laundry solutions delivered with the expert integrity of a family run business.

Our time tested global alliances ensure access to premium laundry equipment and up-to-date information on the latest technological advances. We provide solutions for laundries of all sizes, from small one-off guest washer and dryer combinations through to high volume commercial laundry facilities, backed by a company operated service team unrivalled in size and expertise.

Our customers breathe easy in the knowledge they can trust us and call on us at anytime. Aqualogic Laundry Systems brings the human touch to machinery; in high-pressure scenarios, when advice, delivery or repair is critical, we pride ourselves on being there and rising to the challenge.

Aqualogic Laundry Systems is your single destination for all laundry needs. We offer total solutions, from the initial design through to final system implementation, training and ongoing maintenance services.

We take our responsibility to your business seriously.
